Ottoman Brothers

Detailed insight into the men and women who have participated in Syrian life from 1900-2000. Includes profiles of political leaders, educators, administrators, activists, and cultural figures. Puts faces and names on an intriguing history that normally is discussed only in generalities. This book provides insight into the dimensions of a national struggle, a struggle similar to that which is now taking place in Iraq. (Since Syria and Lebanon were the same country under the Ottomans, Lebanese figures are included until 1920.) This book is a must for scholars, journalists, and anyone who wants to understand how historical movements exist in the lives of individual men and women.

In the Radical Camp

This trio of sharp-witted essays takes irony to a new level. In How to Write About Africa, Wainaina dissects the African clichés and preconceptions dear to western writers and readers with a ruthless precision. In the same fashion, My Clan KC undresses the layers of meaning shrouding the identity of the infamous Kenya Cowboy. And in Power of Love, we start with a bemused recollection of the advent of the celebrities-for-Africa phenomenon, heralded by the mid-eighties hit song We Are The World. It is a short step from there to the speculation, many years later, that a $9-dollar-a-day cow from Japan could very well head a humanitarian NGO in Kenya, whose idollar-a-day people continue to fascinate the is5-dollar-a-day, 25-year-old backpackers who came and loved and compassioned and are now the beneficiaries of $5000 a month consulting for the United Nations.

A Modest Proposal

The book tells an interesting and satirical story about life through the author's lens. The author depicts death, family, love, religion, justice, fashion, and existence in this modern world through the lens of people who exist outside the mortal world. It's a reflection of our current social situation in a hilarious mirror.
Friday Black

This book concerns the insane, inebriated, satirical adventures of a group of four young friends who meet in the wilds of WA State. Set in the little town of Rama, the antics of three people of color and one overbearing white Montanan reverberate with the love of life and the apolitical, incorrect universe of those who cannot stay within the rational boundaries of ordinary writing. Tongue-in-cheek, acerbic and ruthless in its skewering of the literature of people of color, white people and feminism, the book covers stories, romantic tales and cartoon idealism - without letting up for one second. It’s a comic farce steeped in the charms of the Pacific Northwest, full of poetry, science fiction, and flurries of bombastic charm mingling with the splendor of how far you can go in life without getting anywhere else. I’m offering this book to be distributed widely for as cheaply as possible, completely for free eventually. I want its entire world of readers to simply enjoy my crazy stories, without needing to care in an abstract manner about my end of the sales. Read my book, open your silliest eyes wide, and laugh out loud! A rollicking Woody Allen type farce containing ideas unseen before by modern society, including the backstories of those main characters: Gabriello Beau Hooter Sancto, Saragina DeSoto, Caza Zooweiler and Artie Blend. These single souls meet in the boonies, spending their time looking for work, love and laughter in a spurious, charming, sophisticated, light-hearted manner that takes absolutely nothing seriously, skewering all sacred precepts regarding politics, feminism, racism, white people, and romantic comedy. This is the first published humor book by its professional ghostwriter author, who is happy to share it with an ever-expanding readership. I just want to test the waters when it comes to funny books, and share my persuasive sense of irreverence with a large readership. This novel is written in the style of Harlan Ellison, several women of color humor writers including Toni Morrison, and is very 1960s through 1980s in its orientation. It also includes Mad Magazine made up words, references to the downbeat gestalt of Western white male writers, and everything else in an offbeat politically incorrect manner. Enjoy deeplimo with mashed potatoes, spread-eagled with low calorie salad dressing and a side order of limeade -- accompanied by youthful poverty-stricken Seattle area hambone. Karen S Cole has been working on The Rainbow Horizon for at least ten years. It is not the best written of books yet, never meant to be anything other than a unique kind of thoughtful fluff, running wild like a headless chicken, bombastically declaring the nature of all things political as something only worth lampooning and straightening out. The end result is romance combined with friendship, in the little mythical town of Rama, Washington. If you can't understand the contents of this book, maybe you're not an intellectual humorist. If you can, you will find a long version of a simple but clever jest, the kind with a punch line that gets you to think. Reflect upon this in terms of the joke, "A rabbi, a priest and a minister stroll into a bar - hitting their heads, they fall down." Plays on words, running gags, background tales that have nothing to do with the tale's overall plot - this book is loaded with that sort of thing. I could stand to do more work on it, then I'd feel happier. But it already reads like a straightforward dream about people, one where each person has to decide how to drift subconsciously into the lives of their own making and eventual fulfillment. Well, enough farting around; if you dig nonsense like Monty Python, read this book and get a good laugh out of it!

The Rainbow Horizon

In a world where the dead have risen and the living have nowhere to hide, two groups of survivors meet up in a town called Faith to make a stand against the
walking dead, with the fate of mankind hanging on the outcome of the final conflict. "Dead Rising is a tour de force of apocalyptic survival. Hose hooks you with his characters and then reels you in with action, intrigue, and excitement. A must read for any serious fan of zombie lit." - William Todd Rose, author of Sex in the Time of Zombies

The Stewart/Colbert Effect

Literary satire assumes three main forms: monologue, parody, and narrative (some fictional, some dramatic). This book by Gilbert Highet is a study of these forms, their meaning, their variation, their powers. Its scope is the range of satirical literature—from ancient Greece to modern America, from Aristophanes to Ionesco, from the parodists of Homer to the parodists of Eisenhower. It shows how satire originated in Greece and Rome, what its initial purposes and methods were, and how it revived in the Renaissance, to continue into our own era. Contents: Preface. I. Introduction. II. Diatribe. III. Parody. IV. The Distorting Mirror. V. Conclusion. Notes. Brief Bibliography. Index. Originally published in 1962. Dead Rising

Journalism, what happened? In the last decade, the industry and the profession have been rocked to the core. Newspapers as consumer product are as ripe for comic mocking and satire as are the techniques of the journalism profession. The contemporary death and life of journalism is the story of an historic cultural transition. We have lived through the end of the mass-media era and the beginning of the networked-media era. We took in news one way for a century and we simply don't do it like that anymore. Networked: A Contemporary History of News in Transition examines this moment in journalism, the conditions that brought it about and the characteristics that have shaped it and will shape its future. In crafting this sophisticated yet accessible study, new-media scholar Adrienne Russell draws on personal interviews with journalists and analysts at the center of the shift, examines innovative and revealing digital news projects, and underlines larger cultural changes that reflect the new news reality. Networked also examines emergent journalism practices that suggest the forces at work and the stakes involved in developments we have all experienced but, caught up in the rush of change, have had limited perspective to interpret.

The Gospel of the Flying Spaghetti Monster

A Modest Proposal Jonathan Swift - To ease poverty in Ireland by eating the children of the poor was the satirical 'solution' suggested by Jonathan Swift in his essay 'A Modest Proposal' (1729). Here Swift unleashes the full power of his ironic armoury and corrosive wit, finding his targets - the British ruling class and avaricious landlords, and the brutalized Irish, complicit in their own oppression - with deadly precision.

The Creation of Yiddish and Judeo-Spanish Newspaper Cultures in the Russian and Ottoman Empires

In satire, evil, folly, and weakness are held up to ridicule - to the delight of some and the outrage of others. Satire may claim the higher purpose of social critique or moral reform, or it may simply revel in its own transgressive laughter. It exposes frauds, debunks ideals, binds communities, starts arguments, and evokes unconscious fantasies. It has been a central literary genre since ancient times, and has become especially popular and provocative in recent decades. This new introduction to satire takes a historically expansive and theoretically eclectic approach, addressing a range of satirical forms from ancient, Renaissance, and Enlightenment texts through contemporary literary fiction, film, television, and digital media. The beginner in need of a clear, readable overview and the scholar seeking to broaden and deepen existing knowledge will both find this a lively, engaging, and reliable guide to satire, its history, and its continuing relevance in the world.

Press in the French Revolution

When the ancien régime collapsed during the summer of 1789 the newspaper press was free for the first time in French history. The result was an explosion in the number of newspapers with over 2,000 titles appearing between 1789 and 1799. This study, originally published in 1988, traces the growth of the French Press during this time, showing the importance of the emergence of provincial newspapers, and examining the relationship of journalism with political power. Concluding chapters discuss the economics of newspapers during the decade, analysing the machinery of printing, distribution and sales.

The Borowitz Report

Satire is clearly one of today's most controversial socio-cultural topics. In this edited volume, The Power of Satire, it is studied for the first time as a dynamic, discursive mode of performance with the power of crossing and contesting cultural boundaries. The collected essays reflect the fundamental shift from literary satire or straightforward literary rhetoric with a relatively limited societal impact, to satire's multi-mediality in the transnational public space where it can cause intercultural clashes and negotiations on a large scale. An appropriate set of heuristic themes — space, target, rhetoric, media, time — serves as the analytical framework for the investigations and determines the organization of the book as a whole. The contributions, written by an international group of experts with diverse
disciplinary backgrounds, manifest academic standards with a balance between theoretical analyses and evaluations on the one hand, and in-depth case studies on the other.

2012 was a year of financial crises and ecological disasters, of endings and forebodings. The world did not end on December 21st as the Mayan calendar predicted, but became the stage for new beginnings, utopian communities, protest groups and solidarity movements. The essays in this book form an
intertextual space for negotiating meaningful facts and fictions with an aim to understanding the present. Discussions focus on utopia and dystopia from literature and film, not only within the framework of science fiction but also critical theory, gender politics and social sciences. The authors of these essays are international academics whose interest lies in utopian studies and who attended the 13th International Conference of Utopian Studies, “The Shape of Things to Come”, held in Tarragona, Spain, in 2012.

First published in 1937. The Book of Songs is a collection of ancient Chinese songs, dating from 800 to 600 B.C. Until this was published in 1937 it had not been translated into English since the middle of nineteenth century, when sinology was still in its infancy. For the first time the original meaning of 290 out of the 305 songs is given, use being made of the advances in the study of old Chinese. The result is not merely a clear picture of early Chinese life, but also the restoration to its proper place in world literature of one of the finest collection of traditional songs.

Voltaire's masterpiece of satire Candide was written between July and December 1758 and published simultaneously in Geneva, Paris and Amsterdam in January 1759. The events in the book unlike most works of fiction are astutely based on the current state of Voltaire's contemporary world and culled from the headlines of his day. No major power center was omitted. Arbiters of social status, sex/love, money, war and religion were all lambasted within the pages of Candide.
